

The Bill Webber Memorial Perpetual Award

Never to forget the motivation, drive and strong desire to maintain the working Riesenschнауzer. Always having the passion and commitment to support the working dog community.

The above quote displayed in the award encompasses what Bill Webber meant and contributed to our working breed and community.

This prestigious award was conceived in memory of Bill Webber by the 2008 Schnauzerfest Committee volunteers Fred Phillips, Michelle Testa, Christine Lietzau and Vera Reeves with its approval and qualifying rule voted for by the WRSF Executive board. This award will be given at each Schnauzerfest to the WRSF member IPO dog - handler team with the highest score at the highest level.

“We need to have more of our Schnauzers out there working”

This was Bill Webber’s signature statement when it came to our breed working in the sport and part of the motivation behind its development.

Bill’s selfless desire to maintain the totality of the working Riesenschнауzer, truly supporting the organization **The Working Riesenschнауzer Federation** of which he had been the long standing president as well as his motivation and encouragement to all working dog enthusiasts defines the memorial in full.

The WRSF website hosts a creative page dedicated to this perpetual award. Every recipient’s name, dog’s name, full information of the event and title attained will be displayed on this page. Each recipient will receive a plaque with the Bill Webber award design prepared to hold an engraved plate that is complete with the same full information displayed on the website.
